Overview

Whether you are targeting individuals that have recently filed for bankruptcy protection or those whose bankruptcies have been discharged, nSightful's Bankruptcy file offers a fully selectable database.

Compilation

nSightful's Bankruptcy File is compiled from courthouse records and thousands of public records all over the United States.

Suppression

In addition, our Bankruptcy file can be used as a suppression flag on customer files. With additional personal and household demographics you have greater flexibility to pinpoint segments of consumers looking to rebuild their credit.
